About Our Frogs

Our Fantastic Frogs start from ages **3 to 4 years!**

Your child will:

- Experience a program that promotes imagination, language, and reasoning skills.
- Be encouraged to speak in full sentences, identify shapes, colors, numbers, and begin to recognize individual letters of the alphabet.
- Listen to short stories, enjoy science, art, math, language arts, and creative movement activities
- Gain an increased sense of independence, cooperation, and mutual respect

A Look Inside Our Classrooms

Our classrooms provide a variety of developmentally appropriate, hands-on materials that are always accessible to the children. Each center is designed to allow children to work at their own pace as they learn life-essential skills through play. We encourage you to stop in and read your child's weekly lesson plan and talk with your child each day about activities they were involved in and what your child is learning each day.

Our spacious playgrounds allow for a variety of play options for our Fantastic Frogs including dramatic play, swings, slides, and more!

What's next?

Lets talk Perky Penguins!

Once your child is between the ages of 4 and 5 and preparing to go to Kindergarten the following school year, you're ready for the Perky Penguins! The Perky Penguins focuses on pre-reading and writing skills, fine and gross motor development and coordination, and all your needs for your child's readiness for school!
